INTRODUCTION

On the 348 rolls of this microfilm publication are reproduced the applications submitted for shares of the money that was appropriated for the Eastern Cherokee Indians by the Congress on June 30, 1906. The Eastern Cherokee applications, August 29, 1906-May 26, 1909, are part of the Guion Miller Enrollment Records that are among the records of the U.S. Court of Claims. This publication also includes a general index to Eastern Cherokee applications (two vols.).

History

Before the U.S. Court of Claims was established in 1855 there was no procedure by which claims arising against the U.S. Government could be enforced by suit. Consideration of claims was provided for when the Treasury Department was established in 1789; later acts of the Congress authorized the Department to settle all claims by or against the Government. If a claim was rejected by the Treasury Department, the claimant's only course of action was to appeal directly to the Congress. Petitions to that body for relief had become so numerous by the middle of the 19th century that the Congress was beginning to find it impossible to make the proper and necessary investigations for actions on the claims.

The U.S. Court of Claims was established by an act of February 24, 1855, to hear claims against the United States including those referred to the court by the Congress, based on any law of the Congress, any regulation of an executive department, or any contract with the Government, whether explicit or implied. Under this act the court served only as a factfinding agency, and its conclusions were submitted to the Congress for approval and for the granting of awards. In 1863 the Congress enlarged the court's jurisdiction and gave it authority to render judgments against the Government, with the right of appeal to the Supreme Court. An act of 1925 abolished appeals from the Court of Claims to the Supreme Court and substituted writs of certiorari.

An act approved July 1, 1902 (32 Stat. 726), gave the Court of Claims jurisdiction over any claim arising under treaty stipulations that the Cherokee Tribe, or any band thereof, might have against the United States and over any claims that the United States might have against any Cherokee Tribe or band. Suit for such a claim was to be instituted within 2 years after the act was approved. As a result, three suits were brought before the court concerning grievances arising out of the treaties:

On May 18, 1905, the court decided in favor of the Eastern Cherokees and instructed the Secretary of the Interior to identify the persons entitled to participate in the distribution of funds for payment of the claims. On June 30, 1906, the Congress appropriated more than \$1 million for this purpose. The task of compiling a roll of eligible persons was begun by Guion Miller, special agent of the Interior Department. In a decree of April 29, 1907, the court (1) vacated that part of its earlier decision that had given the Secretary of the Interior responsibility for determining the eligibility of claimants and (2) appointed Miller as a special commissioner of the Court of Claims.

The same decree also provided that the fund was to be distributed to all Eastern and Western Cherokee Indians who were alive on May 28, 1906, who could establish the fact that at the time of the treaties they were members of the Eastern Cherokee Tribe or were descendants of such persons, and that they had not been affiliated with any tribe of Indians other than the Eastern Cherokee or the Cherokee Nation. The decree further provided that claimants should already have applications on file with the Commissioner of Indian Affairs, or should file such applications with the special commissioner of the Court of Claims on or before August 31, 1907. Additionally, applications for minors and persons of unsound mind were to be filed by their parents or persons having their care and custody, and applications for persons who had died after May 28, 1906, were to be filed by their children or legal representatives.

In his report of May 28, 1909, Miller stated that 45,847 separate applications had been filed, representing a total of about 90,000 individual claimants, 30,254 of whom were enrolled as entitled to share in the fund--3,203 residing east and 27,051 residing west of the Mississippi River. On June 10, 1909, the court confirmed and approved the roll, submitted by Miller in his report, of Eastern Cherokees who were entitled to a share of the fund except "so much as shall be expected (excepted) to on or before August 30, 1909." After the exceptions had been filed and investigated, Miller submitted a supplemental report and roll to the court on January 5, 1910. In this report he stated that about 11,750 exceptions had been made, that the names of 610 persons (238 east and 372 west of the Mississippi) had been added to the roll, and that the names of 44 persons (5 east and 39 west of the Mississippi) had been stricken from the roll because clerical errors in enrollment had been discovered. Thus the final figure on the total number of persons entitled to share in the fund was 30,820, of which 3,436 persons

NATIONAL ARCHIVES MICROFILM PUBLICATIONS

resided east and 27,384 resided west of the Mississippi River. On March 15, 1910, the court finally decreed that the rolls be approved and that, after certain deductions for expenditures, payments were to be made equally among the Eastern Cherokees who were enrolled. The court also authorized the Secretary of the Treasury to issue a warrant in favor of each person.

In certifying the eligibility of the Cherokees, Miller used earlier census lists and rolls that had been made of the Cherokees by Hester, Chapman, Drennen, and others between 1835 and 1884. Copies of some of these rolls and the indexes to them are filed with the Miller records (filmed as M685). Other enrollment records used by Miller are among the classified subject files of the Bureau and are designated as "33931-11-053 Cherokee Nation."

Records

The applications contain sworn evidences of identity and were filed with the Interior Department's Office of Indian Affairs until April 29, 1907 (the last application was No. 22268), after which the applications were filed directly with the court. The application required each claimant to state fully his or her English and Indian names, residence, age, place of birth, name of husband or wife, name of tribe, and names of children. It further required the English and Indian names of the claimant's parents and grandparents, place of their birth, place of their residence in 1851 if they were living at that time, dates of their death, and a statement as to whether any of them had ever before been enrolled as Indians for annuities or other benefits and, if so, with what tribe. Each claimant was also to furnish the names of all brothers and sisters, with their ages and residences, and the names and residences of all uncles and aunts. Applications were required to be made under oath and to be supported by affidavits of two witnesses who were well acquainted with the applicant. With each application is a card showing final action taken and the reasons therefore. Filed with many of the applications are inquiries concerning the status of the cases, requests for further evidence, protests about unfavorable actions, form letters that had been sent by the special commissioner to the applicants as notices of rejection of their applications and returned by the Post Office Department as unclaimed, affidavits and statements of witnesses, powers of attorney, and last wills and testaments. The applications are arranged by the number assigned at the time the application was received. There are some gaps in the application numbers; these are explained on insert sheets at the appropriate places on the film. The index is arranged alphabetically by name (either English or Indian) of claimant.

Many of the files contain a cross-reference card to other applications. This cross-reference card often refers to the EX file, the report on exceptions filed by Miller on January 5, 1910.

That I am 39 years of age and live in Lloyd Co., Ga. I claim through my father's side and both of his parents. My father claims 3/4 Cherokee. My mother is a full blooded white woman. My father was born in N. C., near Shelving Rock - that's said to be the old Indian ball game. Don't know where my father was born. My father left N. C. before the war. My mother is about 30 years of age now and my father came to Pickens Co., Ga. when my mother was about 16 years of age and married her. My father lived among the Indians in N. C. but he never lived with them after he came to Ga. He was carried away to the War, that is, he was drafted and forced to go in the army. My grandfather died on the way to the Indian Territory when I was a very small boy, right after the war. He never received anything from the government but he wanted to go out to Ind. Ter, so he started out for it. My father and grandfather were never on any roll that I know of. My father never sent any other name than that of Temples. My wife is white. I can recognize her to be white with some Indian blood. I was never on any roll and never lived with the Indians. There is no one living who can tell me more than I have. I filed a claim about 11 years ago. All I heard from it was that my old man was gone and my lawyer died, and I never got anything.

Rec. JUL 12 1909
No. 12009

Pittsburg Kan. July 8/1909.

Hon Union Miller,
Chief Com., E.C.

Dear Sir:- There has been no rejection
papers mailed to three of the
deendants of Mon. A. Strickland and
thus are we unable to prepare our
exception papers in these cases, as
we have not the no., of these three
applications, Names of these three
applicants are John J. Strickland
New York City - Healdella Strickland
Medford and Claude M.
Bennett. I am preparing the
exception papers that are to be
filed later on and if you will,
have the rejection papers in these
three cases mailed to me so I can
get the no. of the applications

it will be of great help in this
matter. I made application to you
in person at Tahlaquah last Sep.,
when you were there taking evidence
at that time I told you we had
good documentary evidence that
was with the Indians at Tahlaquah
or the Doras Court, at Muskogees -
that I had been searching for it
for days there in the Council House
but one vault could not be opened
as the keys were claimed to be
lost. You took my affidavit and
said you could get the papers more
easily than I, that when you found
the evidence would be needed in my
case you would issue an order
from your Court of Claims for
them, and I wish you, in connection

it will be of great help in this
matter. I made application to you
in person at Fablequah last Sep.,
when you were there taking evidence

with the request for these rejection
papers, to also kindly recall to
mind your telling me you would
issue an order for this package
of sworn testimony in the case
of Mary A. Strickland. I learned
before leaving Tahlaquah that
the papers were sent to the
Doras Com., while in session
at Vinila, and they are now;
in all probability with the Doras
Com. at Muskogee, Okla.

If I am going beyond the
prescribed rules in requesting
this if you please instruct the
proper member of your Com.

the assistance. I am so
much in need of and obliged.

POSTAGE

As our expense for postage is very heavy, parties writing us should bear in mind that we are corresponding with them concerning their own business, that we get no pay at all unless we get the claim allowed, and always enclose a sufficient number of stamps for conducting same. The matter of postage is important to us, and we are obliged to ask each claimant to keep us whole in this respect, and as this is only reasonable and right, we hope you will comply in your own case. The average amount of postage required is in original and new disability cases about 50cts., straight increase 20cts.

Wm. B. Bramlett being first duly sworn, deposes and says:

That I am 40 years of age and live in Cherokee Co., Ga. I claim my Indian through my mother and father. I don't know how much Indian they claimed. They were both Cherokee descent. My mother is living, but has not filed application. My father was born and raised in Pickens Co., Ga. My father would be about 75 years old now if he was living. My mother is at present about 80 years old. My grandfather Miles Bramlett was a white man, and my grandmother Howell was a white woman. Anna Ray has been dead about 14 years. Grandfather Howell died in S. C. since the war. I don't know whether my father and mother ever lived with the Indians as members of the tribe or not. Don't know about my grandparents either. I don't know whether my parents or any of my ancestors were ever enrolled. Never heard that say. I am recognized as white. They all know that I have Indian blood. This is the ~~only~~ only application I ever made for Indian benefits. Neither my father nor mother never received any money from the Government; don't know if they were never on any rolls. My grandmother Ray was living in Pickens Co., Ga. in 1835. My grandfather Howell lived in Anderson Co., S. C. in 1835. I don't know whether my grandparents ever had any other names than Ray and Howell. My wife has filed application to participate in this fund. She claims through her grandfather James Moore. She lives through her father. Her mother is white. I think old man Moore came from S. C. to Gwinnett Co., Ga. I don't know whether any of them were on any rolls or not. Don't know how much Indian my wife claims. She nor her father nor grandfather nor received any thing from the Government. She is recognized as a white man.

deposes and says:

I am 59 years of age; was born in Haversham County, Ga.; have lived most of my life in Cherokee County. I claim my Indian blood through my mother. My mother was not a slave. I remember her parents. They were not slaves and lived in Haversham County. Mother has been dead about seven years. She never received any Indian money from the government and never tried to get any. In 1855 she lived in Haversham County. Do not know where mother's parents were born. I heard my mother say ~~my father~~ her father was part Indian and her mother was a full blood. My grandmother was married. My mother spoke the Indian language some. My grandfather's name was Bud Thomas. I have never been enrolled by a government agent.

Wm. T. Sheamaker being first duly sworn, deposes and says:

That I am 40 years of age. I claim my Indian descent ~~thru~~ thro' my father. My mother was a white woman. My wife is white. My father claimed Indian blood through his mother. Her name was -Barnes, but I don't know her first name. My father was born in 1831 in Perry Co., Tenn. He lived there until he was 22 years of age and then went to south-west Missouri. He stayed in Mo. 24 years and then he came to Texas. He died in this state. He never lived with the Indians as a member of the tribe that I know of and was never on any roll. He nor none of us ever made application to the Dawes Commission. This is the first application I have made. My father claimed to be 1/4 Cherokee Indian. My father was recognized as a white man but was considered to have some Indian blood. His mother died in Tenn. She was not on any roll that I know of. Never heard of either my father or grandmother receiving land or money from the government. I am the only one of the family who has filed application. I have a brother and sister living. I suppose that all of my father's brothers and sisters are dead.

I am 54 years of age; was born in Illinois. I claim Cherokee Indian blood through my mother. She was born in Hickman County, Tenn. I have seen my mother parents. They lived in Illinois. I do not know when they moved there. I have never gotten any Indian money from the government and never tried to get any prior to this time. My mother never got an Indian money from the government. I made application before the Dawes Commission for an allotment but was turned down. Do not know why. My mother died here in the Cherokee Nation. We left Illinois in 1866. Sir:-

Replying to your letter of April 9, 1907, you are advised that this Office cannot say, at the present time, just when the fund arising from the judgment of the Court of Claims in favor of the Eastern Cherokees will be paid, or the amount each successful claimant will receive.

The applications have not yet been taken up for final consideration, but when yours is reached you will be duly notified.

Very respectfully,

Chief Clerk.

Now Secretary of the Interior
Dear sir Will, ^{your} advise me
in regard to the appropriation
that was made by Congress
to satisfy a judgement
against the U. S. in favor
of the Cherokee Indians
Mr Guion Miller was
appointed to make out a
new roll and it has been
all most two years since
the limits of the applications
and there has been no dis-
tribution yet, I see through

the papers that our Senators
and Congressmen are most
all in favor of closing out the
Indian affairs I don't see
how it can be done untill
the Roll is completed and
then there could be an equal
division made is it not
right that those being
put on the Roll know.

Should have their share
of the land or its equivalent
in money I have a letter
from the Hon R. L. Owen.
stating that he thought
that the Secretary of the

Enterer Would take care of those
that was put on the new
Roll and had not got their
share of the Land you
underst. that there has
been an alot ment of lands
and unanxiety money,
now I think those put on
the new Roll should have
an Equer share and I
under stand that there is
some Oil and Gas lands
that has not bin disbursed
yet, and there Will be some
money yet collected from
John sites my Wife and

Kildrien are applicants
for a chair of that five
million appropriated by
Congress and are justly
entitled to a full share
but was living in the East
and did not make an
application until 1906
We have propped the board
back to the Roll of '835
hoping at here from you
soon I am your grate-

Miscel.

Moses S. Howell being first duly sworn, deposes and says:

That I am 46 years of age. I claim my Indian descent through my mother; my father was a white man. My mother claimed through her mother, Martha Qualls nee Bimam or Bymam. My mother was born in Georgia, close to Hall Co. - I think. She was born about 1820. She died in 1903. My mother never left Georgia. She lived and died there. Don't know how much Indian blood she claimed but she was of Cherokee. I don't know whether my mother or her mother ever lived with the Indians as a member of the tribe or not. My mother was recognized as a white woman in the community and I am recognized as a white man. I have heard that my grandmother drew ~~xixix~~ script but never did locate the land. She died before they located the land. She died about 1840. She drew this by reason of her Indian blood. Never heard that my mother was on the roll. She never received any land or money from the government. My mother and father were married sometime about 1835 or 1836. My wife is a white woman. I did not apply to the Dawes Commission for enrollment. This is the only application I ever made. Don't know of my mother ever having made any application. I understand that my sister, Mary Smith, who lives near Ardmore, Okla. may have made application but I don't know for sure. I know that her husband has made application.
